

## **Accessibility Statement for Shamrock Squad**

Welcome to the Shamrock Squad website. We are committed to providing accessible Information Communication Technology, including developing our website to the WCAG 2.1 Level AA standard. We are actively working to increase the accessibility and usability of our website while adhering to many of the available standards and guidelines.

### **What We Do to Support Accessibility:**

- Our website adjusts smoothly for different screen sizes and devices.
- All content can be accessed using a keyboard.
- All images on the site are described clearly for screen reader users.
- We use heading styles to organize the content structure logically.
- Our website uses a content management system that supports accessibility.
- Colours are used thoughtfully to ensure good contrast and readability. Colours can be adjusted to user.
- Our forms are designed to be accessible to all users, including those using assistive technology.
